Facilities Support Services

PAST PERFORMANCE

Blair County (COBRAH Program)

Ongoing ~5 years | Sole provider

- Provided radon measurement and mitigation services for approximately 25 residential units under the county's COBRAH program, performing compliant testing, mitigation design, and installation in support of long-term public health objectives.

Bedford County

< 1 year | \$3,600 | Sole provider

- Delivered radon measurement and mitigation services for county-managed residential units within a sub-one-year period, providing code-compliant mitigation solutions aligned with county environmental health requirements.

Pennsylvania House

5 days | \$5,000

- Completed radon measurement and mitigation services within a five-day performance period, delivering timely and compliant remediation for a residential facility under a fixed-price engagement.

National Watch and Clock Museum

2 weeks | \$10,000

- Executed radon mitigation for an 18,000 SF, multi-zone commercial facility segmented into eight distinct zones, designing a non-standard system that consolidated mitigation across zones and reduced project footprint to four integrated units.

CORE COMPETENCIES

- Radon measurement and mitigation (residential & commercial)
- Mold testing and remediation
- Asbestos testing and remediation
- Lead-based paint assessment, abatement, and remodeling
- Indoor air quality assessments
- Environmental compliance support

DIFFERENTIATORS

- Dual license in radon measurement and radon mitigation
- Experience with commercial and multi-family structures, not just residential projects
- On-staff Industrial Hygienist
- Proven ability to adapt on-site without change orders while maintaining schedules
- Recognized as a sole provider by multiple county clients
- Veteran-owned business status (VOSB / SDVOSB)

Certified Environmentally
Responsible Contractor
